

## Lightest container type tea harvester OHC-5VB

### Characteristics

1. The lightest container type tea harvester.
2. 1.2m<sup>3</sup> capacity container
3. No need for changing collecting bags
4. V-blow system enables easy and comfortable harvest
5. Foldable container

**Gasoline  
engine type**

### Specification (could be changed without notice)

Model	OHC-5VB		engine	type	4cycle vertical air cooling straight 2 cylinder gasoline
Measure ment	Length	2254mm		Displacement	680cc
	Width	2200mm		Rating	17.2kw(23PS)/3600(rpm)
	Height	1944mm		Starting	Cell motor
gauge	1800mm		Cutting unit		2.5t v-blow brush
Center cutting height	530-980m		Container capacity		1.2m <sup>3</sup>
climbable angle	17° (maximum)		Cra wler	rubber	200*72*47
Operation angle	15° (maximum)			Attachment	
Speed	0-5.0m/h
